Data Type

○ **None Selected**   Select one of the data types below.

○ **Auto Number**   A system-generated sequence number that uses a display format you
define. The number is automatically incremented for each new record.

● **Formula**   A read-only field that derives its value from a formula expression you
define. The formula field is updated when any of the source fields
change.

○ **Roll-Up Summary**   A read-only field that displays the sum, minimum, or maximum value of
a field in a related list or the record count of all records listed in a
related list.
